

CASTING BUYERS FORUM and B2B Meetings with Foundries

The 71st World Foundry Congress, in conjunction with FUNDIGEX (Casting Exporters' Association of Spain), coordinates the Casting Buyers Forum and a number of B2B meetings among potential local foundry suppliers and purchasers from a number of relevant international companies.

Both activities will take place on the 20th May in the Conference Room A4.

The Casting Buyers' Forum will offer purchasers the chance to share a presentation in front of a targeted audience of national and international attendees in which they will share their forthcoming production requirements, needs and demands. On the other hand, the foundries will have the opportunity to know first hand the market trends as well as identifying possible niches to increase their market opportunities.

National casting capabilities will be presented as well to the audience by representatives of FEAF (Spanish Federation of Foundry Associations) and FUNDIGEX (Casting Exporters' Association of Spain).

The Spanish Foundry B2B meetings will undoubtedly offer casting buyers a great opportunity to gain a deeper insight into the local foundries' capabilities, professionalism, know-how and technology. Foundry representatives will meet in a private interview with key European companies which are actively looking for possible suppliers and solutions to their actual demands.

An extraordinary occasion to showcase their potential and their capabilities, as well as to benefit from new business opportunities

Programm

20th May 2014 – A4 Conference Room

09.30h – 11:00h Casting Buyers' Forum

11:30h – 13:30h B2B Meetings

11:30h – 15:00h Lunch

15:00h – 17:00h B2B Meetings

Visit to the foundry exhibition

International companies attending the Buyers Forum and B2B meetings:

KNORR – BREMSE TRACK DIVISION (GERMANY)

Leading manufacturer of braking systems for rail and industrial vehicles
(interested in Grey Iron, Nodular Iron and Aluminium castings)

WÄRTSILÄ SVANEHØJ A/S (DENMARK)

Well pumps for offshore and naval applications
(interested in Steel and Stainless Steel castings)

TMD FRICTION (LUXEMBOURG)

Brake components manufacturer
(interested in nodular iron castings)

ALSTOM POWER SYSTEM SA - PUMPS BERGERON (FRANCE)

Pumps, hydraulic systems and pumping stations for power plants
(interested in Grey Iron, Nodular Iron, Carbon Steel, Low and High Alloyed Steels, Stainless Steels, Copper, Aluminium and Bronze castings)

ARC INTERNATIONAL (FRANCE)

Glass tableware
(interested in Grey Iron and Aluminium castings)

COMECAL SRL (ITALY)

Railway spare parts
(interested in Nodular Iron, Aluminium and Bronze castings)

SIAD MACCHINE IMPIANTI S.P.A (ITALY)

Air and gas compressors for a wide range of applications and sectors
(interested in Grey Iron, Carbon Steel, Low and High Alloyed Steels, and Stainless Steel components)

VOLVO CAR COORPORATION (SWEEDEN)

OEM - Car manufacturer
(interested in Aluminium HPDC and gravity castings)

SCANIA CV AB (SWEEDEN)

Powertrain
(interested in Aluminium HPDC castings)
