CEO's Reshaping the Foundry Industry

The World Foundry Organization is delighted to be hosting a World Foundry Summit in Rome, Italy, on the 8th and 9th November.

This will be an invitation only event, especially focused on the presence of owners and CEO's of foundry businesses both casting producers and suppliers, to meet, network and learn.

The event will see world renowned and highly respected speakers making presentations on key topics of interest to the global castings sector, talking on strategy and policy in areas of energy, management and economics.

An excellent opportunity to be at the foundry strategy event of the year, where CEO's and foundry owners can meet with like minded people and the top executives of the industry stakeholders.

WORLD FOUNDRY
SUMMIT

The World Foundry Organization

With over 30 member countries from all regions of the world, the World Foundry Organization (WFO) has access to a network of vital foundry knowledge that is gathered and shared to enhance the worldwide foundry industry.

The World Foundry Organization is comprised of National foundry organisations or associations representing foundries, suppliers and academia from around the world, creating a representative global network.

One of the main functions of the WFO is to unite the industry and disseminate appropriate information in a standardised and systemised manner at annual events.
